## **FALL PROTECTION OSHA Safety Seminar**

This course addresses OSHA's Fall Protection Standard, subpart M and will include definitions, scope and criteria for fall protection systems. Falls continue to be the number one cause of serious injury and death in construction. Employers need to educate and train employees to fulfill OSHA's requirements while accessing the need for fall protection and the abatement of hazards. This course is 4 hours in length and certificates will be issued upon completion.

**Date:** **Wednesday, January 16th, 2019**  
**12:30 PM to 4:30 PM**

**Cost:** Instruction is free of charge, made possible by a grant from The NYS DOL Occupational Safety & Health T & E Program. However, there is a \$7.50 per person fee for beverages, snacks and course completion card.
